

Association For a Better New York YOUNG PROFESSIONALS

About ABNY Young Professionals

Established in 2011, the ABNY's Young Professionals network (ABNY YP) has evolved into a community of nearly 4,000 professionals from diverse sectors in NYC. Dedicated to civic participation, ABNY YP organizes social events, educational programs, and philanthropic initiatives. The network offers YP's the opportunity to expand their contacts, engage in educational activities, and connect with industry leaders through various events such as insider tours, discussions, and monthly Young Professional Spotlights.
